

JRJ ALUM-FAB, INC.

CUSTOM ALUMINUM HANDRAILS

JRJ Alum-Fab's **aluminum hand rails** are custom built from heavy duty, thick wall, marine-grade extruded aluminum, offering incredible strength and durability. Unlike wood that can deteriorate or steel that can rust, our handrail products offer a **virtually maintenance free long life.**

Available in a white baked-on enamel finish or aluminum mill finish.

Mill finish handrails

Residential or commercial, indoors or out, our handrails can be designed for any type of project.

Residential handrails with gate for pool area are available for in-ground or above ground pools.

Handrail with handicap access rail

For new construction or remodeling!

Available Post Caps

White baked-on enamel finish

Residential porch handrails

Every project is custom-fitted to a particular setting so we don't attempt to give pricing in our Brochure.

Contact us to discuss your project and provide a free estimate.
